

Friends
of Kids with
Cancer

Helping kids with cancer... be kids!

Toy Drive

Friends of Kids with Cancer is a St. Louis nonprofit providing Educational, Emotional, and Recreational services to children and families diagnosed with cancer or blood-related diseases. Our mission is to be advocate for these special families and help kids with cancer... be kids!

Donations are used to stock Toy Closets in local treatment centers. Toys help distract and comfort children during long, often painful chemotherapy and radiation treatments.

All donations must be new and in original packaging.
